DRAGON SERIES

The design is inspired by the ancient Chinese dragon.

In ancient China, a mysterious creature was widespread among people, called "Dragon". It's a symbol of honor and power, but also means for fortune and success. When you pull out the sprayer, the line of the whole faucet is just like the dragon that is swimming in the water.

OUBAO AND DESIGNS EXCLUSIVE DESIGN FOR YOUR KITCHEN

OUBAO focus on fasion home matching,according to the current trends, to meet market demand.

HOW WE DO ?

A detailed view of a European-style kitchen. The room features white cabinetry with glass-fronted upper cabinets and a central island. A large, ornate chandelier hangs from the ceiling. In the foreground, a white dining table is set with four white chairs. The floor is covered with a patterned rug. The overall aesthetic is elegant and classic.

Best-rated European Kitchen Faucets

Comparison with Big Brand

POINTS	OUBAO	OTHER
FUNCTION		
Same sense area(the whole body and elbow pipe) All use touch to sense the water switch		
STRUCTURE		
Hard-Wired Structure fixed directly under the faucets, no other trunks when using it, which is relatively safer		fly-wire structure
SPARE PARTS		
Straight lines are more durable		curved lines
CONFIGURATION		
Simpler structure, simplify installation		more components makes installation complicated
LAMP HOLDER		
low power dissipation		High power dissipation
Designed without lights and use 4AA battery. The power consumption is lower and more durable in the same case.		6AA battery with a lamp holder, which needs a higher power consumption.
